Friends of the Urban Forest Street Tree Planting

Bayview, April 4th, 2009!

Trees are currently FREE for residents in the Bayview

Thank you so much for your interest in increasing our city's canopy. Planting trees helps your neighborhood as they slow down traffic, filter harmful particulates from the air, mitigate storm water overflows and enhance property values! You can strengthen your community by sending in your tree planting applications and asking residents on your block to do the same.

If you have already sent in your applications – great! If not, the deadline for forms is March 20th. On planting day we end up planting 30 to 50 trees! If you join this planting, the trees are FREE! Visit http://www.fuf.net/treePlanting/plantingForms.html

The benefits of planting a tree through FUF are:

· FUF's help in selecting the right tree for you
· A professionally- picked, quality tree
· City permit processing
· Checking for utilities and clearances
· Removal and disposal of concrete
· Augering of hole
· Hardware such as stakes, cross-braces and arbor tie
· Experienced staff and planting volunteers plant your tree properly
· A 2-month and an 18-month post-planting tree care visit
· As your tree grows, advice from our experts regarding healthy tree care
