Crime Alerts & Safety Tips (from SF SAFE)

Auto Break-ins – Hopefully, we all know that we should try not to leave valuables in our car. Actually, you should not leave **ANYTHING** visible in your car. What is not valuable to you may be valuable to someone else.

SAFE was recently informed that there has been a rash of auto break-ins in the Civic Center area. Items stolen have included tennis shoes, jackets and other miscellaneous items. It only takes a minute for a thief to break a window and steal something inside.

Think about this next time you have to run an errand, even in areas where you think an auto break-in would never occur, and even if you think your errand will just take a few minutes.

Keep doors and trunk of car locked at all times, windows rolled up, sunroof closed;

Park in well-lighted areas if possible

If you need to put items in your trunk, do so before you park - you don't want anyone watching you put your golf clubs, gym bag, or computer in your trunk!

If you see any suspicious activities around a vehicle, or a crime in progress, call 9-1-1

Communicate with not only the police if your car was broken into, but also with your neighbors or the business where the crime occurred so that everyone is aware!

Monthly Meeting:

Our next monthly community meeting is scheduled for **Tuesday, July 1 at 6:00 pm**, in the Bayview Community Room.

We will have a special guest, Katherine Snead of the San Bruno Jail Farm. Ms Snead will be giving out free plants and flowers, so please join us.

Did you know that Friends of the Urban Forest (FUF) will be planting FREE TREES in Bayview Hunters Point on September 20th? Join your neighbors and enjoy this opportunity to network with each other while building community. Could you please add this listing to your monthly newsletter?

Since 1981 FUF, along with community volunteers, has planted 2,498 trees in the Bayview. There are still thousands of potential spots for new street trees in the area. In the last three years alone, with the assistance of people like you, 628 trees have been planted just in the Bayview! Usually residents are asked to pay \$165 per tree. **Right now special funding makes trees free for the Bayview.** For the first time, we are also offering fruiting trees in front yards, if there is space. FUF needs assistance promoting this program and getting people to sign up for free trees. Please help us get the word out to your constituents communicating the benefits of trees, how easy and it is to plant them and that they are free. Encourage them to join our community planting.

FUF recognizes that San Francisco's southeastern neighborhoods suffer from a lack of green spaces, tree coverage and community engagement. In these same neighborhoods proportionately high levels of air and noise pollution, asthma, crime, and/or poor academic performance among school children are also realities. Increased tree coverage achieved through community-led tree plantings will address each of these problems by improving the air quality, calming traffic, buffering noise, building community relations and pride, reducing crime and even improving concentration in children.

You are a community leader and we count on people like you to build advocates for our urban forest. Our Saturday tree plantings are wonderful mornings where neighbors get together for a fun and fulfilling activity, friends are made, lunch is shared and all participants leave with a feeling of pride in their community.
