You are invited to plant a tree in front of your house or business. The cost of planting a tree, normally over \$350 if done on your own, is being subsidized by Friends of the Urban Forest.

When you join a FUF community planting your street tree is FREE!! Act now while this funding still exists!!

It's easy! All you have to do is send in your application forms, attend the community meeting, select your species – and get ready to water your new tree!

To get an application for a tree or for more information contact:

Suzanne, 561-6890 x101,

Captain's Message:

We are sending out an abbreviated newsletter today complete with safety tips from SF SAFE. Please have a safe and enjoyable holiday weekend and we'll be back on Monday, July 7th.

Safety for Independence Day

... and other tips for a SAFE Summer...

July 4th Weekend is Here!

Fireworks look pretty, but are illegal and often dangerous. Please enjoy any 4th of July festivities in a safe area where there are managed firework shows put on by the City and County of San Francisco - or explore nearby cities in the Bay Area for

equally fantastic firework displays. If you see people lighting fireworks, please call the police immediately.

If you have plans to barbeque on the 4th of July, watch the grill at all times. Supervise children around the barbeque. Keep an eye on your children at all times, whether you are at the park, the beach, the pool, or watching a fireworks show.

Pedestrian Safety

The days are longer and lighter, and many outdoor activities are taking place throughout the City. Please be aware of pedestrians while you are driving; or if you are the pedestrian, be aware of automobiles, buses and bicyclists. Here are some safety tips:

Limit cell phone use while driving or walking - Cell phones distract you from paying attention to your surroundings.

Be watchful at all times - Expect the unexpected. Pedestrians can suddenly appear from between parked cars, especially children and the elderly.

Remember that a red light or arrow prohibits moving forward or turning - while walking, driving or riding a bike.

Yield to pedestrians - Be especially aware when at a stop or when turning at an intersection; pedestrians may be in the crosswalk.

Not all crosswalks are designated with painted lines - A pedestrian is considered in a crosswalk at all corners whether or not lines are painted on the street.

Do you have friends coming in to the City for the July 4th Holiday? Even in times of celebration and festivities, ensure your guests practice proper safety techniques:

Do not leave valuables or anything visible inside your vehicle; always keep doors and trunk locked.

Walk in well-lit and well-populated areas, preferably with another person; do not take short-cuts through dark alleyways.

Limit your valuables (ID and money) by carrying only what you need for the day.

If taking public transportation, have your money or Fast Pass ready. Do not fumble with your wallet; you might draw attention to a pickpocket.

Keep your cell phone charged; and in case of an emergency dial 9-1-1.

Are you going on Vacation?

Here are some reminders to help prevent your home from being burglarized:

Keep all doors and windows locked.

Let a trusted neighbor know you will be out of town.

Stop mail and newspaper deliveries.

Keep a light on.

Enable your alarm if you have one.
